Statements sent by the UL will be deemed received by the student and to be correct unless errors or non receipt of such statements are reported. Within a reasonable time.

The UL is not responsible for the delivery of the accounts and not receiving an account does not relieve students of the obligation to pay by the payment dates.

* Proof of Registration

The document is issued at the registration venue or on request at the Faculty and/ or Student Records section.

It is NOT an account and does not reflect all financial transactions of your student account.

Students should check for registration errors. Modules listed with exam dates, but not fee values are indicated, are incorrect and should be reported to Student Accounts immediately.

Prosecuted accounts can be withdrawn from the collecting agents provided the loan amount received covers the full balance.

19. BURSARIES, LOAN AND AWARDS

Before embarking on their studies, students need to do proper financial planning and explore all the available financial avenues. Students should apply for bursaries from other sources outside the UL as well.

It is advised that students applying for assistance at the UL should not assume that the application will be successful, as the number of applications far exceeds the available loans/bursaries/ awards.

Awaiting the outcome of the application does not relieve students of the obligation to settle their debt by the payment dates.

The UL offers four (4) types of financial assistance for full time students, namely:

- * Bursaries administered by the UL using funds provided by donors or trustees.
- * University Academic Bursaries funded by UL
