

The University of Limpopo Student Trust Fund (ULSTF) was initiated by the 1995/96 Students Representative Counsel (SRC) and is now in its 14th year of existence. It has contributed significantly to the well-being of financially needy and academically deserving students. The focal point of the Trust is in supporting rural students in the fields of Management, Health, Agriculture, Medicine and Natural sciences. The Trustees are convinced that by encouraging students to follow these paths they will contribute to the so much needed societal development.
