SRC Seat allocation will be as follows: **14 897/13 = 1 145** the number of votes qualifying or required for 1 seat. Then the student political structure with the highest remaining votes gets the first "hanging" seat and the second hanging seat is allocated to the structure with the second highest remaining votes. Therefore, the student structures received the following number of seats in the SRC, inclusive of the Faculty Chairpersons: **EFFYC – 7; SASCO – 8; and SCO – 2.**

SRC's 13 seats allocation:

EFFYC = 5 SEATS	SASCO = 6 SEATS	SCO = 2 SEATS
$6\ 031 / 1\ 145 = 5$ seats $1\ 145 \times 5 = 5\ 725$ $6\ 031 - 5\ 725 = 306$ (votes remaining) $306 = 0$ seat (*3)	$6\ 756 / 1\ 145 = 5$ seats $1\ 145 \times 5 = 5\ 725$ $6\ 756 - 5\ 725 = 1\ 031$ (votes remaining) $1\ 031 = 1$ seat (*1)	$1\ 678 / 1\ 145 = 1$ seat $1\ 145 \times 1 = 1\ 145$ $1\ 678 - 1\ 145 = 533$ (votes remaining) $533 = 1$ seat (*2)

**Ranking order for the allocation of hanging seats*

Overall SRC Representation including Faculty Chairpersons is as follows:

EFFSC

5 + 2 Faculties = **7**

SASCO

6 + 2 Faculties = **8**

SCO

2 + 0 Faculty = **2**
